 - Black color for the eyes (textile or acrylic color)
 - DMC cotton n ° 829

Prepare the top:

Assemble the center according to the plan.

Apply the fir tree, snowman and his nose.

Add borders

Apply the head of Santa Claus, the 4 elk heads.

Ps: for the head of Santa Claus: cut the face once in the beige / pink fabric, apply both sides of the face in the traditional way, apply from above at large points the beard cut in double; then over the whiskers just in the center; apply a yoyos to the nose. Then apply the hat in the red felt by pinching a strip of 8/20 fleece folded in half across the width, cut fringes. Sew a rusty bell to the end of the cap.

Ps: for moose, cut the ears once in the fleece and once in the beige / pink fabric, assemble, turn over and insert by applying the heads, embroider the mouth.

Draw and paint the eyes with paint.

Nose: cut circles 7 cm in diameter. In the red / burgundy fabric, make yoyos, and apply them in place of the nose.

Glue the red lined fabric on the vliesofix, draw and cut out the hearts and the terracotta tiles, glue them at the locations on the 3 borders (left-right and bottom), embroider a blanket stitch or other machine on the inner edges. and ext.

Glue the rest of the fabric of Santa's face with vliesofix. Draw and cut out the snowflakes, place them in the two lower corners, quilt them to secure them.

Put on your sandwich top with the fleece and back fabric.

Sew a button in each ecru box, 1 cm from the top edge of each box and center the width.

Quilt the borders.
